

## Conservation & Restoration Projects

Restoration of existing buildings takes specialist skills and experience.

Davis Langdon PKS have been involved in the conservation of many landmark buildings including Castletown House, the Dining Hall at Trinity College Dublin, the Dublin Castle.

Other projects include the widely praised development of the Campshires to the River Liffey and the offices in an old banana warehouse for the U2 management company.

Restoration requires attention to detail, knowledge of old buildings, comprehensive contract documentation and constant attention to the post contract period.

Given these inputs Davis Langdon PKS can provide cost control on difficult and rewarding projects.
