

Davis Langdon PKS Limerick

Established in 1998, the Davis Langdon PKS office in Limerick has developed a firm foot hold in the booming Munster economy.

From major health projects such as the award winning Limerick Regional Hospital, both phases of which were successfully delivered within budget, to major regional projects such as Shannon Airport the Davis Langdon PKS Limerick team have put down firm foundations in the area.

The office is managed by Cathal Barry as Associate. Cathal was born and educated in Limerick. He is a graduate in Construction Economics from Limerick Institute of Technology and had considerable experience in the United States before returning to Ireland. The Davis Langdon PKS office is situated in the heart of Limerick at 8 The Crescent.
